

Text for next bus arrival time

Step 1: Find your stop number located on the bus stop sign. Or you can look it up online at www.lawrencetransit.org on the Where's My Bus page.

Step 2: Send a text to (785) 312-2414. Enter the bus stop number as the text message. If there is more than one route that serves the bus stop, put a comma after the bus stop number and enter the route number. (This is optional. If you do not specify a route, you will receive times for all routes serving that stop.)

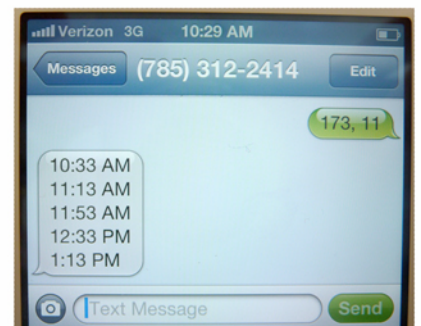

Example: text message 173,11 (bus stop 173, route 11).

Step 3: Press send and you will receive the next arrival times for your bus.

(Message and data rates may apply.)

Sending message...

and the reply.
