Sunday service, peak and off-peak frequencies

In order to afford the City's first offering of Sunday service in 20 years, trips have been reduced during times with lower ridership, typically during the middle of weekdays and on Saturdays.

Route changes this year

1 Route changed to serve Lawrence Community Shelter more directly, with a new on-site bus stop.

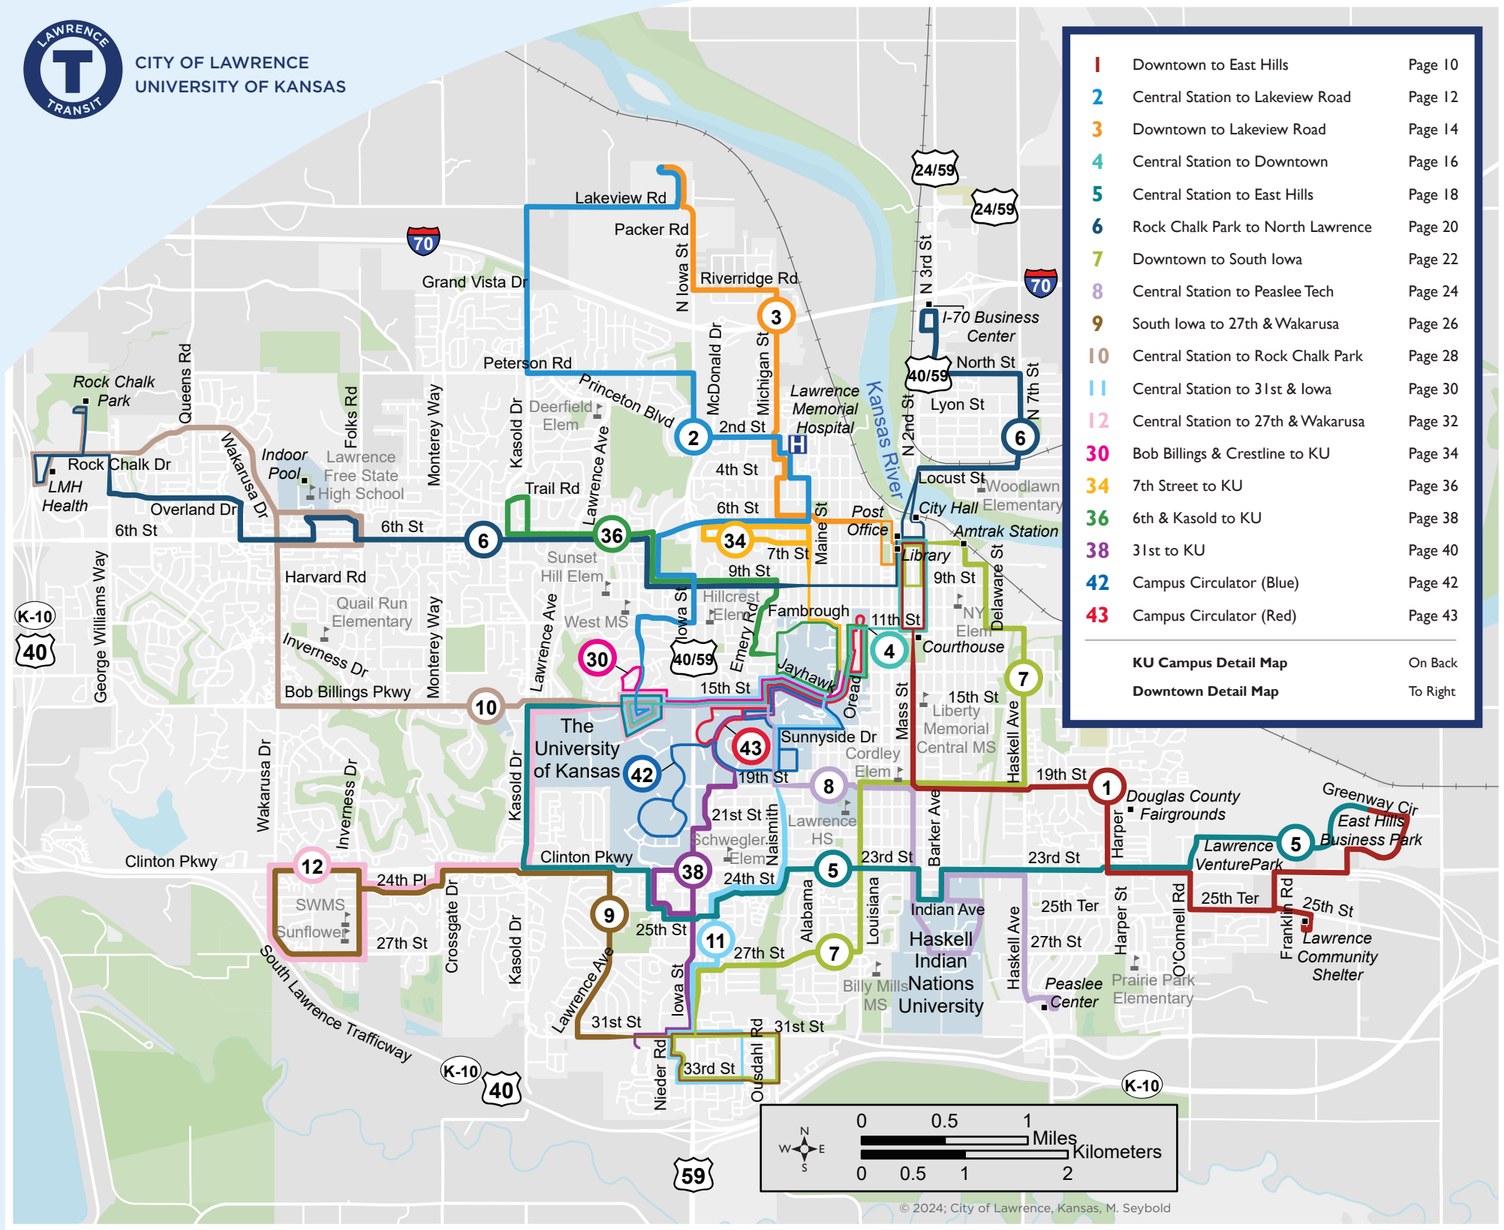

2 Route changed to serve Peterson Road and West Middle School. Times updated to match new route travel time. Bus stops added and moved to best serve realigned route.

4 Route changed to serve 11th Street to/ from Downtown instead of 9th Street. This was the original route plan from the 2021 Route Redesign Study, but construction blocked 11th Street in 2024.

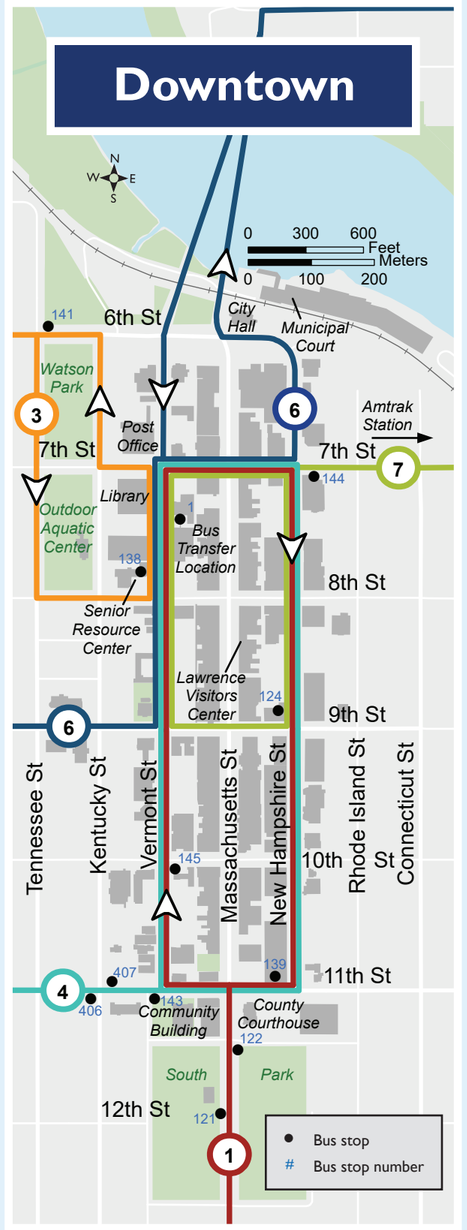

7 **9** Route extended to 33rd & Michigan to more closely serve Union at the Loop and Nest housing developments.

Found items are normally available to be identified and logged by 1 p.m. the next business day. All found items will be kept for a maximum of 14 days at Central Station, 2315 Bob Billings Pkwy. Lawrence Transit, KU Transportation Services, and the contracted service provider are not responsible for lost, stolen, or damaged belongings.

Alternate Formats

Routes, scheduling, and transit information can be provided in alternate formats or languages upon request at (785) 864-4644.

Rutas, horarios e información de transito pueden ser proporcionados en otros formatos o idiomas. Si así lo desea llame al teléfono (785) 864-4644.

Fare Free

Federal stimulus funds provided the opportunity to afford a one-year pilot of fare free in 2023, and it has been extended for 2024. One of many benefits of fare free service is to make it even easier to explore new route changes. The program will be re-evaluated annually to determine the feasibility of extending it the following year.

Downtown Station

After the recent implementation of a Route Redesign process, there are five bus routes that will continue to serve Downtown Lawrence. A site selection process is underway to find a permanent location for these routes to best serve the community.

The Downtown Station site selection process aims to improve comfort and convenience to encourage more transit ridership today and in the future. In comparison with the design and construction of Central Station, less significant improvements will be needed for the Downtown Station.

The main elements that have been identified to include in the site design for Downtown Station are:

- Driver restrooms
- Individual bus bays
- Seating and wind protection
- Next departure signs
- Weather protection

The site selection process will take place in 2024, with the design and construction work targeted for 2025. For more information, visit the Downtown Station project page at lawrencetransit.org/projects/downtown-station.

Zero Emission Transition Plan

This year, Lawrence Transit is undertaking a Zero Emission Transition Planning process led by Center for Transportation and the Environment (CTE). Lawrence Transit competed for and was awarded three consecutive federal Low-No Emissions Program grants for electric buses in 2020, 2021, and 2022.

The 11 buses associated with these three grants help the City achieve approximately 22% zero-emissions buses. Ultimately, Lawrence Transit plans to transition its entire bus fleet (50 buses) to zero-emissions by 2035, following sustainability goals set by the City. A final plan is anticipated to be completed in early 2025. Learn more at lawrencetransit.org/projects/zero-emission-plan.

Travel Training

Travel Training is a free, personalized service provided to anyone interested in learning how to use the fixed-route bus system and other transit options in the area. This program is customized to meet your individual needs and goals.

If you or your organization are interested in learning more about the Travel Training Program, visit our website or send an email to: info@lawrencetransit.org.

How to Ride

Trip Planning Tools

To plan your trip, type in your destination to Google Maps or Transit app to see what stop and route you need for your trip. Both of these trip planning tools will give you options for determining when you want to travel. The default trip will show times for the next available bus, but you can select options to leave at a different time, or to arrive at your destination by a certain time. Find more information at lawrencetransit.org/mobile-tools.

Route Identification

All buses have destination signs on the front and on the curb side near the front door. The destination sign displays the route number and destination of the bus (example: 6 Downtown). Read the signs carefully to ensure you are boarding the correct bus.

Locating a Bus Stop

Passengers are allowed to board or exit a vehicle at any marked bus stop. Bus stops are identified with signs. People using mobility devices are allowed to board and exit at the nearest ADA accessible location to a bus stop.

Getting on the Bus

- Wait at a marked bus stop.
- Stand back from curb when the bus is approaching.
- Alert driver if you need the ramp to board the bus.
- Take a seat if available, and remain seated.

Getting off the Bus

- Pull the bell cord above the windows prior to your destination stop.
- Remain seated and wait until the bus comes to a complete stop before attempting to exit.
- After you exit, stand to the side of the road or on the sidewalk until the bus has pulled away.
- Never cross the street in front of the bus.

Tips for Riders

- A bus is considered on time up to 5 minutes after the scheduled time.
- Arrive at the bus stop early. Too early is better than missing the bus.
- Bus drivers are good resources and are willing to help. If you need assistance, please ask.
- Make sure you leave with all items you brought on the bus.

Bikes on the Bus

Combining biking and transit can get you farther in Lawrence. There are a few things to be aware of when taking your bike on the bus.

- There are two bike racks on each bus. Racks are available on a first-come, first-served basis.
- If there are no bikes in the rack, you should place your bike in the slot closest to the bus.
- To lower the rack, squeeze the handle and pull it down. After placing your bike in the rack, raise the support arm over the front tire to secure it.
- Please remind the driver that you will be removing your bike when you get off the bus.
- To see a video about how the bike rack works, please visit: lawrencetransit.org/bikes-on-buses.
